JASTINE MARIE L. SABADO

Computer Science Specialized in Data Science

I'm a driven and enthusiastic Computer Science graduate majoring in Data Science, deeply passionate about continuous learning and making a positive impact through technology and teamwork. My active participation in student organizations has strengthened my abilities in leadership, communication, and organizing projects. I've been fortunate to be part of several initiatives and events, which have taught me how to thrive in collaborative and dynamic environments.

Computer Science graduate majoring in Data Science with experience in statistics, programming, and data analysis. Passionate about applying data-driven solutions to improve efficiency, customer experience, and sustainability, with research focused on AI in aviation fuel consumption.
